

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF DRAFT PERMIT

PERMIT NO.: WA-002123-7

APPLICANT: Town of Lind
P.O. Box F
Lind, WA 99341

FACILITY: Town of Lind Municipal Wastewater Treatment Plant
Lind, WA

The Town of Lind (Town) has applied for a National Pollutant Discharge Elimination System (NPDES) permit renewal in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW), Chapter 173-220 Washington Administrative Code (WAC), and the Federal Clean Water Act.

The Town presently owns and operates a municipal wastewater treatment plant which is designed to handle an average monthly dry weather flow of 60,000 gallons per day and an average monthly wet weather flow of 89,000 gallons per day. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued.

Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated municipal wastewater from the treatment plant to Lind Coulee.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.

PUBLIC COMMENT AND INFORMATION
